Group Sessions Tab

Show sponsors are invited to present their brand in a 2 minutes Speed Round session while a powerpoint slide is displayed on screen with the brand's logo, rep's name and contact information. Use this time to give attendees your brand's highlights and invite them to learn more at your virtual booth. Check the schedule below to find the time of your presentation. An FBA staff member will contact you through the event chat to remind you of your upcoming presentation. *Please Note: Reps presenting more than one brand will do their presentations back to back.
